

FACE2FACE

DRUG & ALCOHOL PREVENTION PROGRAM

**Presented by Worcester County
Sheriff Lew Evangelidis**

Learn About REAL Facts & Dangers

The Face2Face Program, created by Sheriff Evangelidis is the only one of its kind in the country. With almost 90% of today's inmates incarcerated due to mental health and addiction issues, Sheriff Evangelidis has made educating our youth and promoting awareness of these topics his mission.

Impact Our Next Generation

The Face2Face Program not only addresses current drug trends on a local and national level, but it also utilizes a cutting-edge approach to illustrate the destructive effects of drugs, alcohol, and poor mental health on a student's body and health over time. Hundreds of schools and over 400,000 students have participated in this program.

Make a Difference in Our County

The 45-minute presentation is delivered free of charge and is ideal for grades 6-12. The presentation focuses on the latest teen drug trends: Vaping, Juuling, Alcohol, Opioid Addiction, Heroin Addiction, & Fentanyl.
